# Finance Graduate

London

Convex is a newly formed international specialty insurer and reinsurer founded by Stephen Catlin and Paul Brand. With operations in London and Bermuda, Convex occupies a unique position in the insurance industry combining unrivalled experience, reputation and a legacy free balance sheet.

## Discover your opportunity

Convex are recruiting an entry level role within our Finance Department, based in London. Reporting directly to the UK Corporate Controller, you will play a key part in supporting the department to deliver a first class finance service to our internal and external stakeholders, including working with other colleagues to ensure the successful delivery of strategic projects.

## Key responsibilities will include:

- Supporting the UK Corporate Controller and Senior Financial Accountants in ensuring the Finance Department deliver timely, accurate financial information and analysis
- Supporting in the management of the close process including liaising with other internal and external stakeholders in the close process
- Working on a variety of finance projects enhancing our systems and processes across

## Skills and experience required

- Strong academic background including an accounting or finance related degree (although other degrees would be considered)
- Strong desire to pursue an accounting qualification within a financial services organisation
- Experience in Microsoft Office (Excel, Word, PowerPoint)
- Excellent communication skills (oral and written)
- Ability to liaise with multiple stakeholders across all levels
- Enthusiasm to work in a dynamic environment
- Great attention to detail
- Able to work on own with minimal supervision

## What we can offer?

In addition to a highly competitive package of benefits the successful candidate will be supported in studying for a professional accounting qualification through college with study days given for courses and exams.
