### Reciprocal Jurisdiction Status

Effective January 1, 2022, Convex Re Limited will be able to write reinsurance business in the United States without the requirement to post reinsurance collateral, via a passporting arrangement with the NAIC and related applications with certain other U.S. states. As the applications process is currently on-going and some states are still implementing the necessary state regulations to give effect to reciprocal jurisdiction status, Convex will provide a listing of their reciprocal jurisdiction approved states in early 2022.
